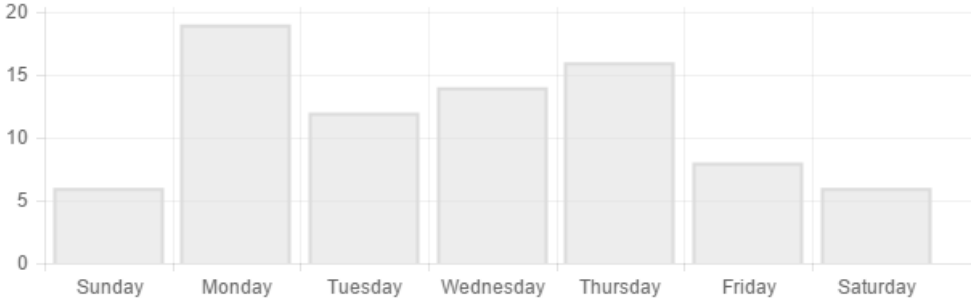
Project status overview

Project is being steadily updated...

Commit statistics for **master** Feb 24 - May 04

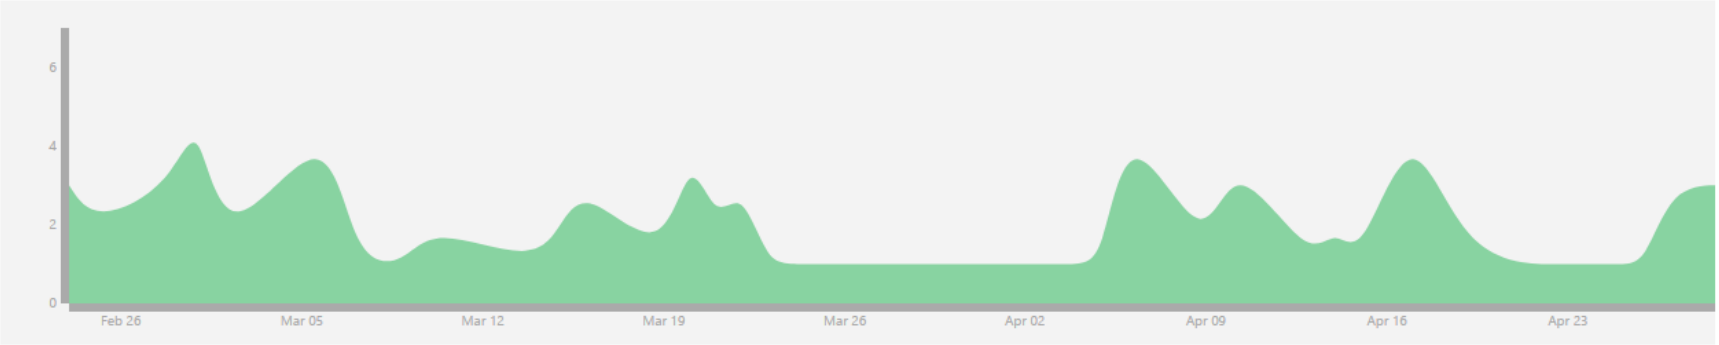
- **91** commits during **69** days
- Average **1** commits per day
- Contributed by **7** authors

Commits per weekday

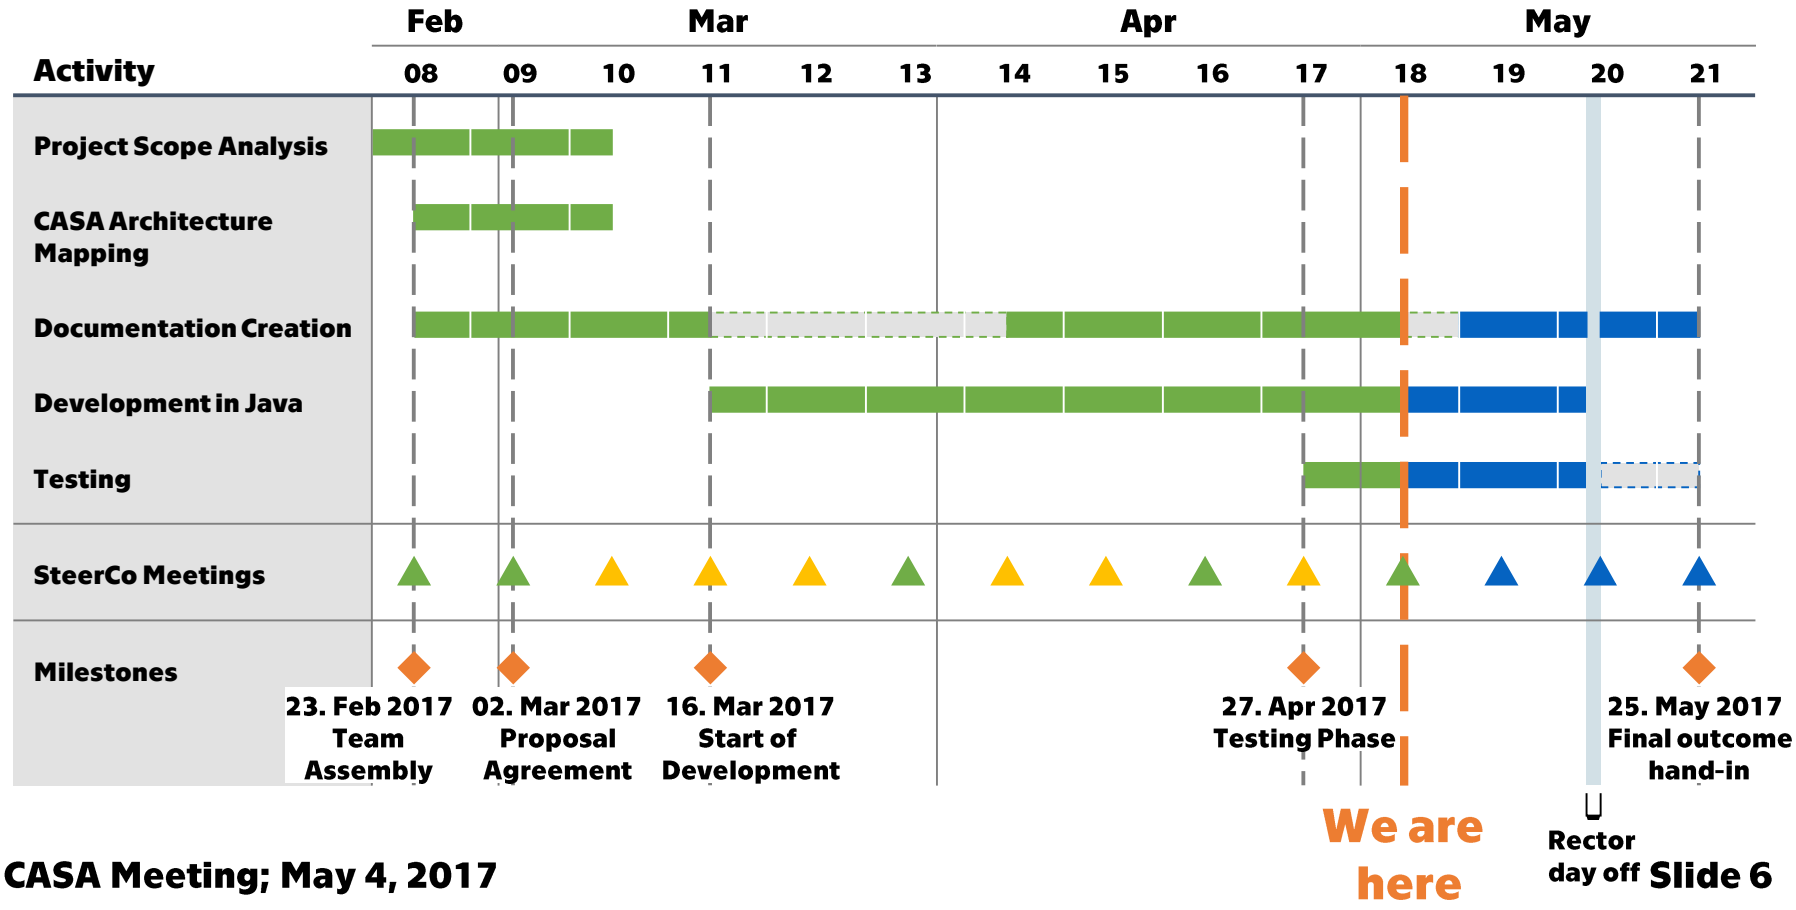


February 24 2017 - May 3 2017

Commits to master, excluding merge commits. Limited to 6,000 commits.



…and we are still within planned schedule



Today we need to:

Resolve change requests

We would like to implement some changes to the original code in the two parsing modules

- See attachment (ChR: Parsing Analysis)

Discuss translation problems

Some problems have arisen during code translation

Revise testing strategy

In some modules, test stubs are already in place -
